COMMISSIONER FOR PATENTS
P.O. Box 1450
Alexandria, VA 22313-1450**SUMMARY OF APPLICANT-INITIATED INTERVIEW**

The submission of this paper after a Response to Non-Final Office Action has been filed is not to be treated as a "failure of the applicant to engage in reasonable efforts to conclude processing or examination of an application" under 37 C.F.R. § 1.704(c).

Applicants appreciate the Applicant-initiated interview between Examiner Ahn and the undersigned on February 21, 2007, during which the rejections of claims 1 and 3 under 35 U.S.C. § 103 as being unpatentable over Tamamura in view of Stubbs and Suzuki were discussed. The substance of the interview was consistent with the Non-Final Office Action mailed November 15, 2006 and the Response to Non-Final Office Action filed February 15, 2007.

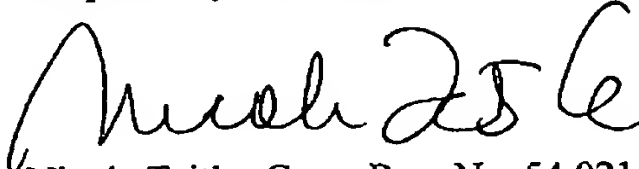

The Examiner agreed that the listing of the Harrison reference was a typographical error, and that the rejection should have properly referred to the Stubbs reference. The Examiner agreed that the Harrison reference does not apply and properly, is not of record in this application. No agreement was reached regarding the rejection of claim 1. However, the Examiner agreed to withdraw the rejection of claim 3.
